

Deposits: £100/child returnable when they leave, if they give 1 month's notice. Parents must also pay a £50 admin fee which is not refundable

Only the childcare patterns costed on the fee sheet can be offered.

Childcare patterns can only be changed from the beginning of a month. A parent can pay for additional sessions (at day rates) in the meantime if there is space.

NEF funded only places are not offered to 3-4 year olds because it is not cost effective due to length of day

London Borough of Camden funded under 2 places are only offered at Montpelier & Sington where we are registered for the scheme

Anyone whose place is being paid for by college or other learning provider must pay the standard fee. The fee is not dependant on the parent's income in this case

Parents are charged for 50 weeks x 5 days. Within this they pay for bank holidays that fall within opening weeks, and 3 training/planning days per year

Fees are charged monthly at a standard monthly fee averaged over the year. Weekly and daily prices are provided for information only

If a child starts mid-month their first invoice will be adjusted to actual days for that month

All fees must be paid by standing order or bank transfer unless agreed by CCN Finance Officer.

Changing fee rates due to income changes can only be at the beginning of a month:

Under 2s move to the 2-3 year old rate on the first day of the month following their birthday

Under 3s move to the 3-5 year old rate on the first day of the term following their third birthday (when they can be put onto the NEF headcount)

New 3-4 year olds start on the 2-3 year old rate until the first day of the term following their start date (when they can be put onto the NEF headcount)

#### Full time 5 days 8am-6pm
