Frequently Asked Questions

Who deals with my invoices and who do I go to with any queries?

Your Nursery Manager manages your invoices. Please contact them directly with any queries.

Do I have to pay a deposit and when do I get it back?

We ask you to pay a £150 to secure a place for your child. £50 of this is a non-refundable administration fee. The remainder is a deposit which will be returned to you when your child leaves, so long as you give us TWO month notice that they are leaving and are up to date with your payments. We will return your deposit after you have paid any outstanding fees.

How often will I get invoiced and how long to I have to pay my invoice?

You will get invoiced in the last week of each month for the following month and are expected to pay by the 5th of each month. You are invoiced for 12 equal monthly amounts.

How do I pay?

We are a **not for profit** organisation and rely on timely fee payment to fund the daily running of the nurseries. We therefore ask that fees are paid in advance and encourage you to set up a monthly Standing Order, or to pay by monthly bank transfers. You should set these up to reach our bank account between the 1st and 5th of each month.

CCN's account details are: Camden Community Nurseries Ltd. account no. 51139096, sort code 40-04-07. You must include a payment reference with your child's name, the initial of their nursery and their roll number (which you should be given when you start), eg Jo Bloggs M35 or PhilEvans S211, or NancyJones A503.

If there are reasons why setting up a monthly Standing Order or bank transfer is difficult for you, you can discuss alternative arrangements with the Finance Officer, Emma Cattley. Please contact via email accounts@camdencommunitynurseries.org.uk

What happens if my payment is late?

To avoid this, we recommend you set up a Standing Order. The Nursery Manager and finance staff will monitor late payments and you should let them know immediately if there is a reason why you need to pay late. If we have not heard from you before a late payment, we will issue a reminder. If you have not paid before the next month your child's place maybe suspended. If you are having financial difficulties or your circumstances change, please do discuss this with your Nursery Manager or alternatively you can email the Finance Officer. We are committed to supporting parents during difficult times and can arrange payment plans.

Can I have any combination of days that I want, and how much will I be charged?

The nursery managers will provide you with a fee sheet that shows the patterns of care we offer, and the fees for each. We offer full day places from a minimum of 2 days per week and free/fully funded places.

We have two fees depending on your household income. The fee sheet will explain the different income brackets. If you are eligible for the concession fee you will need to provide proof of your household income before your child starts the Nursery. You need to show your Nursery Manager proof of your household income.

Once your child starts at their nursery, if your income changes to a different income bracket you

should update your Nursery Manager immediately, in the same way. Your revised fees will start from the beginning of the next month.

If you cannot provide us with any proof of income, you will be automatically be placed on the Standard Fee.

Do I pay for bank holidays and other closures?

Fee payments relate to the number of weeks the nurseries are open for each year. You are charged monthly in equal instalments across the year:

You are charged for 50 weeks x 5 days. This is spread across 12 months.

We only charge for bank holidays that fall within weeks the nursery is open, and for 3 staff training/planning days per year.

The fee sheets state the average monthly amounts. Fees are charged at monthly rates. The weekly and daily figures are supplied for your information only.

Do I have to pay if my child is absent because of illness or because we go away on holiday?

Unfortunately, we are unable to reduce your fees if your child does not attend because of illness or any holidays you take during our nursery opening weeks.

Should my invoice ever be different from the monthly fee?

If you have negotiated additional days during the month these will be added to the next month's invoice as extras.

If your child starts mid-way through a month you will be charged for their actual number of days for this part month. This will be added to your first full month's invoice.

Do I have to pay for my child's settling in days?

We generally use a 2-week settling in period to help your child get used to being at nursery. During this time, you will sometimes be expected to stay at the nursery, and your child will build up slowly to spending whole days with us. Therefore, we do not charge for a settling in period of 2 weeks, but you need to be available for those two weeks.

Who do I tell about any changes in the care I want?

You should negotiate this with the manager of your child's nursery. They will know what sessions are available. You can only change care pattern at the start of a month to avoid confusion in monthly fees and staffing. If you really need to change mid-month due to exceptional circumstances, you should discuss this with your Nursery Manager. If places are available for the sessions you want these will be charged the "additional day rate" until a formal change can be made to your care pattern and invoices at the beginning of the following month. If you are decreasing your child's attendance a TWO month notice period is required.

Can I have occasional extra sessions?

Any extra sessions you need should be discussed and agreed with your Nursery Manager. They will try to accommodate what your need if they have the right levels of staffing. You will be charged at the "additional day rate".

My child is about to move into a different age bracket on your fee sheet. When will they change to the different fees?

For children approaching two, this will happen from the start of the month following their birthday in order to avoid confusion with fees.

After children turn three, they will move to the three-five-year-old fees at the beginning of the term after they turn three. This is when the NEF/SUO and EO/ECO grant funding for three-five-year olds can be claimed from Camden Council.

Can I get help with nursery and childcare fees?

If the childcare is provided by a registered and 'approved childcare' provider, you can get help with paying the fees. There are various schemes, including Tax-Free Childcare, Universal Credit, 15 hours funded childcare and 30 hours funded childcare that could save you thousands.
